The human intestines contain a friendly symbiotic microbiome garden susceptible to imbalances caused by proliferation of harmful bacteria during times of digestive stress. Travel, food poisoning, antibiotic use – even poor diet – can lead to common symptoms such as gas, bloating, diarrhea, constipation and irregular bowel movements.

What is Ultra Probiotic Complex 25 Multi Strain?

Clinically designed to replenish beneficial intestinal flora and support digestive health, each capsule contains key strains of bacteria including 25 billion guaranteed live active CFUs in a wide spectrum of probiotic microbe species, as well as FOS, a prebiotic that helps ensure enrichment and vigor of key active cultures.*

Why take Ultra Probiotic Complex 25 Multi Strain?

Starting with just one dose, Ultra Probiotic Complex 25 Multi Strain begins to improve the balance of beneficial flora in the digestive tract to help quickly reduce intestinal discomfort and restore healthy stomach pH.* With continued daily use, you should experience on-going improvements in regularity, increased natural resistance and a bolstered immune system.*

This best-in-class, premium formula requires no refrigeration.
