What are Probiotics?

Probiotics work to keep a healthy balance of intestinal flora. They reduce the amount of harmful bacteria by replenishing and maintaining the "friendly" bacteria.* The depletion of beneficial bacteria can occur as a result of poor diet, taking certain antibiotics, stress, food poisoning, travelers' diarrhea or poor overall digestive health.

Why take GNC Ultra Probiotic Complex 25 with Enzymes?

Each capsule combines 25 billion active cultures with enzymes and ginger for additional digestion support.* The clinically studied probiotics in this formula improve the balance of beneficial flora in the digestive tract, help reduce bloating and stomach discomfort, aid in improving regularity and support a healthy immune system.*

Guaranteed Potency

GNC Ultra Probiotic Complex 25 with Enzymes has been tested for quality and potency to ensure that 25 billion live, active cultures are present in each dose. Full potency of this product is guaranteed through the expiration date with no refrigeration required.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
