

Cardio Chelate™ is an arterial support formula based on the well researched compound ethylenediaminetetraacetic acid (EDTA), which has shown in clinical studies to bind metal ions in the arteries and veins through its powerful chelating capability.** Methyl-Sulfonyl-Methane (MSM) and N-Acetyl-Cysteine (NAC) are two sulfur-donating compounds that increase cellular glutathione concentrations, which is important for increased antioxidant needs during chelation.** Along with Vitamin C, these compounds work together to provide optimum nutritional support for cardiovascular health.**

- **FDA approved in food supply for 50 years**
- **Balances metals within the body****
- **Supports cardiovascular health****

NOTE: For optimal benefits take Cardio Chelate™ at least 2 hours before or after meals and away from a multimineral.

DIETARY SUPPLEMENT
180 VEGETARIAN CAPSULES

**This statement has not been evaluated by the Food and Drug Administration (FDA). This product is not intended to diagnose, treat, cure or prevent any disease.

Suggested Usage: Take 1 capsule 3 times daily (maintenance phase) or 3 capsules 2 times daily (intense phase) on an empty stomach or as directed by your qualified healthcare provider. It is recommended to take a multimineral at meals (2 hours away from EDTA supplement) during the chelation process.

Supplement Facts

Serving Size 1 Vegetarian Capsule
Servings Per Container 180

Amount Per Serving	%Daily Value*	
Calcium (from Calcium Disodium EDTA)	40mg	4%
Sodium (from Calcium Disodium EDTA)	50mg	2%
Vitamin C (as Ascorbic Acid)	100mg	167%
Calcium Disodium EDTA	400mg	†
MSM (Methyl-Sulfonyl-Methane)	100mg	†
NAC (N-Acetyl-Cysteine)	50mg	†

*Percent Daily Value based on a 2,000 calorie diet.
†Daily Value not established.

Other Ingredients: Rice flour and magnesium stearate (vegetarian). Capsule is made of plant cellulose.

Contains **NO** milk, egg, peanut, tree nut, fish, shellfish, soy, wheat, gluten or yeast.
