

Suggested Usage: 1 capsule 2 times per day or as directed by a health professional.

Ginkgo Biloba Phytosome is the result of a unique, patented process that binds Ginkgo Biloba and key actives to phosphatidylcholine (from soy lecithin) resulting in superior bioavailability.

Caution: Consult a health care professional prior to use if you are pregnant or breastfeeding, or if you are taking medications for diabetes, high blood pressure, or seizures. Do not use if you are taking health products that affect blood coagulation as this may increase the risk of spontaneous bleeding. Keep out of reach of children.

Manufactured by Natural Factors to ensure safety and potency in accordance with Good Manufacturing Practices (GMP) of the FDA and Health Canada.

Contains no artificial preservatives, color or sweeteners; no corn, dairy, gluten or yeast. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.
