

SLINshot™ is an all natural sensitizing/ signalling agent used to speed blood glucose clearance, thus enhancing nutrient uptake and muscle glycogen storage.

WARNING: UNDER NO CIRCUMSTANCE SHOULD SLINSHOT™ BE TAKEN WITHOUT CARBOHYDRATES.

SLINshot™ is intended only for healthy adults over the age of 18. Do not use if you are currently pregnant or nursing. Consult a licensed healthcare practitioner before using this product. Do not use this product if you have been diagnosed with or have a family history of (including, but not limited to): heart disease, thyroid disease, diabetes, hypoglycemia, high blood pressure, seizures, or if you are using any glucose regulating prescription or over-the-counter supplements or drugs. Discontinue use and contact a medical doctor immediately if you experience an irregular heartbeat, shortness of breath, dizziness, tremors, headache, nausea, or other similar symptoms associated with or unrelated to hypoglycemia (low blood sugar). Keep out of reach of children and pets. Store in a cool, dry place.

Usage: For enhanced glycogen replenishment and nutrient uptake take 1-2 servings immediately post workout in combination with a high glycemic carbohydrate. For repartitioning effects, on non training days take 1-2 servings 15 minutes prior to largest carbohydrate meal. May use more than one serving daily.
