

CNS Black's Nocturnal Modulation Formula provides GABA and a balance of other key ingredients including L-Theanine and Melatonin to help you fall asleep naturally and promoting a deep and restful night's sleep.*

CNS Black contains ingredients to effectively support Growth Hormone (GH) and Insulin Growth Factor-1 (IGF-1) homeostasis including Mucuna pruriens (Velvet Bean), containing naturally occurring L-Dopa, L-Arginine and N-Acetyl-L-Tyrosine (NALT) for neuromuscular optimization benefits and promote maximum recovery from exercise.*

Combining the strongest active ingredients legally available, **CNS Black** will help promote relaxation, the onset of sleep as well as the deep quality of sleep you need allowing you to wake up refreshed and energized!!

WARNING: NOT FOR USE BY INDIVIDUALS UNDER THE AGE OF 18 YEARS. DO NOT USE IF PREGNANT OR NURSING. Consult a physician before starting any diet and exercise program and before using this product. Do not take this product if you have a medical condition. Discontinue use and call a physician or licensed health care professional immediately if you experience unexpected side effects. If taking prescription medications, consult a licensed health care professional prior to use.

This product contains GABA. Some individuals may experience a minor tingling of the skin and/or a slight shortness of breath shortly after taking GABA. This is a characteristic of this amino acid and quickly subsides. This product contains Mucuna pruriens (Velvet Bean) (L-Dopa). Do not use this product if you are taking an MAO inhibitor. Consult your physician before use if you have hypertension, cardiac or pulmonary disease or if you are taking products containing L-Dopa.

*These statements have not been evaluated by the Food and Drug Administration.
This product is not intended to diagnose, treat, cure, or prevent any disease.

WARNING!! Contents cause Extreme Drowsiness.
Refrain from operating heavy machinery when using.
