

LipoRED is a targeted fat burner containing the most powerful legal ingredients available in order to promote the most efficient fat burning metabolism, elevate the body's thermogenic furnace, suppress appetite and provide intense and extended energy. **LipoRED** was specifically designed to attack deep fat stores through multiple pathways by stimulating both white and brown adipose tissues.

The MMSN R&D Team created **LipoRED** to be the strongest fat burner available today by combining sound and evidence-based science and proven weight loss ingredients along with the newest most cutting edge fat burning ingredients in one comprehensive all-purpose weight loss formula. **UpoRED** activates Lipolytic/Nutrigenomic mechanisms and immediately activates lipolysis which promotes the release, mobilization and oxidation of stored body fat.
