

Max Muscle Sports Nutrition introduces **Java Red** as our newest anti-obesity weight loss product based on the combined benefits of both Green Coffee Bean Extract (50% Chlorogenic Acid) and Raspberry Ketone. **Java Red** is the smart formula you want to use delivering these pure and high potency ingredients to quickly shred fat to transform your body into peak physique.<sup>1</sup>

The Green Coffee Bean Extract in **Java Red** is 100% pure containing 50% Chlorogenic Acid and provides the weight loss properties of this extract. Recently published research shows that Green Coffee Bean Extract significantly lowers body weight, specifically body fat.

Raspberry Ketone is a naturally occurring phenolic compound uniquely found in red raspberries and gives the fruit its aroma. Raspberry Ketone burns fat by altering beta-oxidation (the process of fat burning) in white adiposities (specific fat cells).<sup>1</sup>

As with any weight loss product, **Java Red** is most effective when used in conjunction with a sensible and reduced caloric diet, exercise and behavior modification program.

KEEP OUT OF THE REACH OF CHILDREN. STORE IN A COOL, DRY PLACE AWAY FROM MOISTURE, SUNLIGHT AND EXCESS HEAT. ALWAYS KEEP TIGHTLY SEALED.

<sup>1</sup>These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
