DIETARY SUPPLEMENT**

**15 STICK PACKS  
Net. Wt. 90g (3.2oz)**

6 09492 71056 \_

Best If Used By:  
(See Stick Pack)

## WHEN WATER ISN'T ENOUGH...

Total body hydration is a major factor in total body health. **Hydration Factor™** was developed and scientifically formulated to ensure that the water you consume provides your body with "deeper" optimal hydration.

Optimizing hydration is the single greatest step anyone can take toward improving energy, wellness and endurance.

## ARE YOU HYDRATED?

Drinking the commonly recommended 6-8 glasses of water a day may not ensure deep hydration of the body. Correct hydration is dependent on cellular uptake of water, not simply the quantity of water that you drink. **Hydration Factor™** is the most effective way to ensure the water you drink provides your body with optimal hydration.\*\*

Simply add a stick pack of **Hydration Factor™** to your water 1-2 times per day. Tastes great and increases the hydration to the cells in your body, providing you with water on a "deeper" level.\*\*

**Suggested Usage:** Mix 1 pack with 8-16 oz of water 1-2 times daily or as directed by your qualified health care provider.

## Supplement Facts

Serving Size - 6 grams

Servings Per Container - 15

	Amount Per Serving	% Daily Value*
<b>Calories</b>	15	
<b>Total Fat</b>	0g	0%
