

Max Nitro 2 is a masterfully formulated pre-workout innovation to promote the body's production of nitric oxide. This scientifically-based formula is designed to provide insane muscle pumps, intensity and performance.[†]

Max Nitro 2 provides two levels of support for NO production, the amount of arginine substrate needed for nitric oxide production and amplification of the endothelial nitric oxide synthase (eNOS) enzyme that facilitates the conversion of arginine to nitric oxide. We have added a proprietary blend of three effective substrates of arginine for maximum pharmacokinetics, including **Arginine Alpha-Ketoglutarate (A-AKG)**, **Arginine Ketoisocaproate (A-KIC)**, and **Arginine HCl**.

L-Citrulline plays a pivotal role in supplying arginine to eNOS and has the unique ability to recycle itself to maximize and sustain NO levels. **Quercetin** enhances nitric oxide bioactivity for extended NO kinetics. Exciting new research has shown that **Resveratrol** upregulates eNOS mRNA expression resulting in enhanced NO production. **Vitamin C** has been known to have beneficial vascular effects by increasing the bioavailability of NO and

may prevent endothelial dysfunction by scavenging free radicals. Other science-supported cofactors promoting eNOS activity include **Thiamin**, **Niacin** and **Vitamin B6**. **Magnesium** is a component of hundreds of enzymes and potentiates nitric oxide production and energy support.[†]

Warning Statement: Please consult a physician before starting any new diet, exercise, and dietary supplement program especially if you have pre-existing medical conditions or are taking prescription medications. Discontinue use and call a physician or licensed health care professional immediately if you experience unexpected side effects. Do not use this product if pregnant or nursing.

KEEP OUT OF REACH OF CHILDREN.

STORE IN A COOL, DRY PLACE AWAY FROM MOISTURE AND SUNLIGHT. ALWAYS KEEP TIGHTLY SEALED.

M A X NITRO2

NITRIC OXIDE MODULATOR

- *Enhances Nitric Oxide Modulation[†]*
- *Promotes eNOS Upregulation[†]*
- *Rapid Responding Molecular Matrix[†]*

Dietary Supplement • 120 Capsules

Directions: As a dietary supplement take 4 capsules (1 serving) 30 minutes prior to exercise with at least 8 oz water.

Supplement Facts

Serving Size: 4 Capsules

Servings Per Container: 30

	Amount Per Serving	% DV*
Vitamin C (as ascorbic acid)	120 mg	200%
Riboflavin	3.4 mg	200%
Niacin (as nicotinic acid)	75 mg	375%
Vitamin B6 (as pyridoxine HCl)	10 mg	500%
Magnesium (as chelate glycinate 18%)	27 mg	7%

Max Nitro 2 Molecular Matrix Blend: 3,235 mg **
Arginine Alpha-Ketoglutarate (A-AKG),
Arginine HCl, Arginine Ketoisocaproate (A-KIC),
L-Citrulline, Quercetin, Resveratrol

*Percent Daily Values are based on a 2,000 calorie diet.

**Daily Value not established.

Other Ingredients: Rice powder, magnesium stearate, gelatin capsule.

Albion® Magnesium chelate glycinate (18% chelate) are registered trademarks of Albion Laboratories.

ALLERGY INFORMATION: Manufactured in a facility that processes milk, egg, fish, Crustacean shellfish, tree nuts, wheat and soybeans.
