Supplement Facts

Powerful Green Brazilian Propolis + Probiotic Extract + Astaxanthin Antioxidant & Anti-inflammatory Protection

Award-winning microbiologist, Ichiro Ohhira, Ph.D., uses high-quality Brazilian green propolis, known for its high levels of antioxidant cinnamic acid. This antioxidant and antibacterial substance is created by bees to protect their hive. Brazilian green propolis is especially powerful due to the rare flora in the region and unique Africanized bees, which have adapted to harsh environmental conditions. Only Dr. Ohhira's Propolis PLUS® combines propolis support with vitamin E (α-Tocopherol and complete Tocotrienol from palm oil), flax oil, and a fermented vegetable extract with concentrated digestive health benefits.

ESSENTIAL FORMULAS™

Dr. Ohhira's
Propolis PLUS®

Brazilian Green Propolis + Probiotic Extract + Astaxanthin

30 CAPSULES

DIETARY SUPPLEMENT • NET WT. 18 g

Suggested Use: Take three capsules daily with water: one in the morning, one in the afternoon, and one in the evening. Take the suggested dosage for 21 days, refrain for seven days, and then repeat. Or use as directed by your health care professional. (Children under age 6: 1 capsule daily at bedtime.) For best results, take on an empty stomach.

Warning: Persons with known allergies to ingredients produced by bees should contact their health care professional before consuming. Keep out of reach of children. If pregnant or nursing, consult a health professional before use. **Tamper evident:** Do not use if foil blister pack is broken.

Dr. Ohhira's Propolis PLUS® contains only select Brazilian green propolis (carefully removed from honey bee hives using a water soluble extraction method), blended with Dr. Ohhira's nutritious fermented vegetable extract, highly absorbent astaxanthin extracted from valuable Haematococcus seaweed, antioxidant vitamin E, and flax seed oil, one of nature's richest source of Omega-3 fatty acids.
