

THE SEA BUCKTHORN BEAUTY SECRET

What you might not know about this small, exotic berry can make a big difference in the appearance of your skin, hair and nails. You're about to begin a refreshing beauty ritual. With **Revitalize & Renew**, your daily health and beauty regimen begins where true beauty lies—inside. Sea buckthorn berries contain over 190 bioactive compounds, making them one of nature's original superfoods.

This resilient berry thrives in the harsh conditions and high altitude of the Tibetan Himalayas by fortifying itself with protective nutrients including carotenoids, flavonoids, antioxidants, vitamins, minerals, quercetin, polyphenols and phytosterols.

Revitalize & Renew is loaded with essential Omega acids 3, 6 and 9. It is also a rich source of Omega 7 fatty acids, a rare and vital component for cellular support and collagen production.*
