

**Tribest™** is a standardized extract of the tropical plant *Tribulus terrestris*, also known as "puncture vine". The extract is similar in composition to the material used in the Bulgarian study, which contains a minimum of 60% saponins including furostanol and protodioscin. Research performed at the Clinical Pharmaceutical Research Institute in Sofia demonstrated powerful effects on both Leutinizing Hormone and Testosterone.\*\* The study also indicated enhanced libido, sperm production and motility.\*\*
