

SUGGESTED USE

As a dietary supplement, take 3 capsules daily or as directed by a health professional.

Antioxidants work in the body by neutralizing and eliminating free radicals. Free radicals are molecules that come from environmental pollutants, UV rays and even from foods we digest. Free radicals destroy tissue at the cellular level and are also precursors to coronary artery disease. Pure Vegan's Antioxidant Formula supplies a Hi-ORAC (Oxygen Radical Absorbance Capacity) synergistic blend of fruits and vegetables that work in the body by neutralizing and eliminating free radicals. Combined with CoQ10, Resveratrol, L-Carnosine, N-Acetylcysteine and other potent antioxidants, Pure Vegans Antioxidant Formula is one of the most powerful and comprehensive combinations available*.
