

Mag O7 is a specially formulated magnesium based compound which has been ozonated and stabilized to release Reactive Oxygen Species (ROS) when used as directed. Mag O7 has a stool softening effect, which eliminates the digestive track of unwanted debris. Mag O7 aids the digestive process by slowly releasing beneficial ROS which helps friendly bacteria utilize nutrients efficiently.*

Mag O7 is non-habit forming.

The magnesium in this product is intended to be an oxygen delivery mechanism for the purpose of colon cleansing and general colon health. This product is not intended to be used as a magnesium supplement. If you have cardiac history or kidney disease, please consult your physician before using magnesium products.
