

AMINO DECANATE

AMINO DECANATE's scientifically advanced amino acid complex with DecaDrive delivery has set a new standard in amino acid supplementation. New research reveals that in addition to Branched Chain Amino Acids (BCAAs) and glutamine, other critical amino acids are needed to ensure maximum muscle growth, recovery and performance. During exercise, your body has a greater demand for aminos to fuel energy production. Any deficiency in certain amino acids will compromise muscle growth and performance. This deficiency is known as the "Rate Limiting Amino Acid Factor." AMINO DECANATE is a highly anabolic formula containing a potent and precisely formulated 10.5 gram mega-dose of 19 critically important amino acids designed to maximize anabolic muscle building and prevent catabolic muscle wasting, while feeding both the Citric Acid Cycle and Alanine Glucose Cycle for enhanced energy and muscle endurance. Each serving of AMINO DECANATE provides 5 grams of BCAAs in a highly anabolic leucine loaded 10:1:1 ratio, yielding 10 times the amount of leucine to isoleucine and valine. The latest research shows that leucine is the key anabolic activator of protein synthesis for peak muscle building. AMINO DECANATE also contains a full 5 gram dose of pure premium grade L-glutamine for a more favorable anabolic/anti-catabolic environment to further support muscle growth and speed recovery. To overcome Rate Limiting Amino Acid deficiencies, each serving also provides 500 mg of Critical Core Amino Acids (CCAAs) to fuel the Citric Acid Cycle and Alanine Glucose Cycle, while feeding muscle tissue.*

DecaDrive Shifts You Into Anabolic Overdrive!*

AMINO DECANATE provides all of these highly anabolic micronized amino acids via the scientifically advanced DecaDrive Technology for faster and better utilization and absorption of these critical muscle building aminos. DecaDrive Technology utilizes pharmaceutical delivery methods using the compounds PEG and Decanoate to increase amino acid uptake in the intestines. This powerful infusion of AMINO DECANATE delivers maximum anabolic muscle building, anti-catabolic muscle protection, increased energy production and improved recovery. AMINO DECANATE is the new bodybuilding standard in amino acid supplementation!*

MuscleMeds™
PERFORMANCE TECHNOLOGIES

PROFESSIONAL STRENGTH AMINO ACID FORMULA*

AMINO DECANATE

PHARMACEUTICAL DELIVERY 

DecaDrive™ Technology for Enhanced Absorption*

FULL SPECTRUM MUSCLE BUILDING AMINO ACID COMPLEX*

MICRONIZED

5g Anabolic 10:1:1 BCAA Ratio*

5g Pharmaceutical Quality Glutamine

500mg Critical Core Amino Acid Matrix

WATERMELON
Naturally Flavored

Dietary Supplement

Net Wt. 12.7 oz. (360g)

DIRECTIONS: Mix one scoop of AMINO DECANATE with 8 to 10 fl. oz. of water. Take 1 to 2 times daily.

Supplement Facts

Serving Size: 1 Scoop (12g)
Servings Per Container: 30

Amount Per Serving

Amino Decanate™

Anabolic 10:1:1 BCAA Ratio: 5 g**
(L-Leucine, L-Valine, L-Isoleucine)

L-Glutamine 5 g**

Critical Core Amino Acids: L-Alanine, L-Arginine, L-Histidine, L-Proline, L-Methionine, L-Threonine, L-Phenylalanine, L-Tyrosine, L-Asparagine, L-Aspartate, L-Cysteine, Glycine, L-Serine, L-Tryptophan and L-Lysine 500 mg**

**Daily Value not established.

Other ingredients: Natural flavor, malic acid, acesulfame potassium, sucralose, decanoic acid, PEG 8000, PEG 3350 and Red 40.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

- Keep out of reach of children.
- Store at 15°-30°C (59°-86°F).
- Protect from heat, light and moisture.
- Do not purchase if seal is broken.
