*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

SUGGESTED USAGE: As a dietary supplement, take 1 capsule daily with a meal.

Although Vitamin K is historically known for its role in normal blood clotting function, we now know that Vitamin K is also essential to bone, cardiovascular, and nervous system health. As a biologically active form of Vitamin K, K-2 is important for the formation of healthy, strong bone matrix. Vitamin K's role in arterial health revolves around its ability to support proper calcium metabolism in vascular structures.*

Vitamin K-2

SUPPORTS BONE HEALTH

100 mcg

- Biologically Active Form
- Supports a Healthy Cardiovascular System*
- With 300 mg of Alfalfa

100 Veg Capsules

A Dietary Supplement
