

THERMODYNAMIC FAT-BURNING HYBRID

MethylBURN Extreme's advanced hybrid design works on multiple pathways to facilitate maximum fat burning effects. The key to MethylBURN's effectiveness is its unique Thermodynamic Hybrid design of synergistic clinically researched ingredients, which triggers potent thermogenesis, calorie burning, fat metabolism, satiety and enhanced muscle strength and performance.*

MethylBURN Extreme's FastBurn Methylated Thermogenic Matrix quickly increases the release of norepinephrine to spark thermogenic fat incineration and mobilize fatty acids. This is followed by a series of synergistic fat burning pathways via Thermogenic Sustaining Agents to further facilitate this potent fat burning cascade. In fact, MethylBURN Extreme is so powerful, it can actually help you burn 12 times more calories.* MethylBURN's technologically advanced Oxacinate catalyst enhances and prolongs the thermogenic cascade and metabolic pathway required for using fats for energy. This results in extreme fat torching effects and can also help increase muscle strength and performance by as much as 300 percent.*

MethylBURN Extreme's advanced synergistic compounds provide both fast and sustained activity to optimize fat burning, energy and power during your workouts, while continuing to incinerate fat for energy after your workouts and throughout the day. No other fat burner works like MethylBURN Extreme because no other formula contains these proprietary, clinically tested compounds and advanced hybrid design.*

BURN 12x MORE CALORIES & GAIN 3x MORE STRENGTH!*

MethylBURN Extreme is the Ultimate High-Performance Fat-Burner

In a double blind, randomized, placebo controlled cross-over study, test subjects who took key ingredients in MethylBURN Extreme 60 minutes before exercise burned 12 times more calories for up to one hour after exercise. In a separate study on another key ingredient in MethylBURN Extreme, test subjects were able to perform three times more repetitions in the squat exercise.

THERMODYNAMIC FAT-BURNING HYBRID

Multi-Functional Hybrid Formula:

- Maximum Thermogenesis*
- Increases Calorie Burning*
- Increases Metabolic Rate*
- Utilizes Fat for Energy*
- Increases Strength & Endurance*
- Suppresses Appetite*

CLINICALLY PROVEN:

**BURN 12x MORE CALORIES &
GAIN 3x MORE STRENGTH***

Potent Methylated Fat-Burning Compounds
Fast Absorption — Sustained Action!

Dietary Supplement

METHYLBURN
EXTREME

Directions: Take 1 capsule in the morning or 30-60 minutes before a workout and take 1 capsule in the afternoon. Do not exceed 2 servings per day.

Supplement Facts

Serving Size: 1 Capsule
Servings Per Box: 60

	Amount Per Serving	% Daily Value
Niacin	20mg	100%
Vitamin B12 (as methylcobalamin)	100mcg	1667%

METHYLBURN	372.5mg	**
FastBurn™ Methylated Thermogenic Matrix: Caffeine anhydrous, Methyl-Beta-PEA, Methyl Synephrine, N-Methyl Tyramine		

AfterBurn™ Thermogenic Sustaining Agents: 4-(4-Hydroxyphenyl)-2-butanone, Capsimax™ capsaicin fruit extract, Bioperine™ black pepper extract, Oxacinate™ 3,7-dihydroxy-5-carotene-4,6-dione, yohimbine HCl		
** Daily value not established.		

Other ingredients: Gelatin, calcium sulfate, microcrystalline cellulose, magnesium stearate, silica, titanium dioxide, FD&C Red 40 and FD&C Blue 1.

Do Not Exceed Recommended Dose.

Individual results may vary. For best results use in conjunction with diet and exercise.
