GNC BEYOND RAW® RE-GROW - to get extreme results that scream hardcore you need to turn up the molecular noise required for lean muscle growth and anabolism. This mega-anabolic, fast-releasing, 60-gram protein recovery powder is re-engineered with fewer calories and carbohydrates than ever before provides more than a 25% increase in strength," plus features the most advanced new supplementation methodology in sports nutrition, the Phys<mark>iobs</mark> Edge. This new system is based off the latest research that targets the following 7 Primal Physiogenic Factors influencing the strength and size you battle to

- Anabolic Hormones
- Muscle Cell Energy
- Muscle Cell Protection & Recovery
- · Water Regulation

- Carbohydrate Metabolism
- Mental Intensity & Neuro Priming
- · Anabolic Primers

The HARDCORE MUSCLE FEEDER is loaded with 500mg D-Aspartic Acid plus Anabolic Primers that work to maximize muscle protein synthesis. Leucine, from a rapid-absorbing whey protein source, works to turnion mTOR, the anabolic signaling pathway for muscle protein synthesis while tuning out catabolic signals that interfere with muscle growth. Together with other key ingredients, these potent amino acids also stimulate the powerful Anabolic Hormone insulin needed for Carbohydrate Metabolism and immediate Muscle Cell Energy for a staggering 400% improvement in the anabolic environment. Plus, this dynamic formula contains powerful minerals to help maintain Water Regulation. and neurotransmitter building blocks, phenylalanine and tyrosine, to support Neuro Priming.*

It takes solid focus and countless hours to build mind-blowing results. Protect your hard-earned gains with powerful antioxidants for optimal Muscle Cell Protection & Recovery. This includes three rare ingredients, the hardcore Sicilian Blood Orange complex, along with Lutemax 2020" Lutein that has proven bioavailability, plus the fast-acting acacia catechu matrix.*

GNC BEYOND RAW® RE-GROW works on multiple levels to provide enhanced protein uptake that rapidly fuels rock-hard muscles after grueling workouts. Prepare yourself, Experience the difference. Go beyond hardcore — get BEYOND RAW"!

PHYSIOBOLIC The Physiobolic Edge is the Defined by our expert scientists as the "genesis

RAW* with more than best-in-class, cutting-edge ingredients. This new, research-based system advances molecular functions not yet targeted by other products by synchronizing with vital physiological mechanisms and genetic pathways before, during and after extreme workouts that unleash your maximum muscle-mind-body potential. This powerful addition gives hardcore sports nutrition a new meaning: physiogenic performance fuel as you push for a physique like never before. muscle-maximizing size, explosive strength and power.* The Physiobolic Edge targets the exact 10 factors that open the door to extreme results.

advanced, performance-based of the Physiobolic Edge," the following 10 Primal technology powering the Physiogenic Factors are what you need to science behind GNC BEYOND support extreme training results.

- Anabolic Hormones . Muscle Cell Eheray
- · N.O. Pumps
- Muscle Cell Protection & Recovery
- Fat Metabolism
- Carbohydrate Metabolism
- Increased Calorie Burning
- · Water Regulation
- Mental Intensity & Neuro Priming · Anabolic Printers

RE-GROW

ADVANCED RAPID DISPERSION PROTEIN **4 MUSCLE CELL SIGNALING FORMULA**

- + ANABOLIC 5-PHASE 60G PROTEIN WITH HARDCORE MUSCLE FEEDER FOR A 25% INCREASE IN STRENGTH & SIZE*
- HYPER-ABSORBING 24G BCAA & LEAN MUSCLE PRIMERS TO TRIGGER ANABOLIC SIGNALS + INCREASE AMINO ACID ABSORPTION BY OVER 100% **
- + PROTECTS & OPTIMIZES YOUR HARD-EARNED GAINS, IMPROVES ANABOLIC WINDOW BY 400%, * 2X LEUCINE ABSORPTION* + MEGA 10G GLUTAMINE DOSE*
- + SUPER-CONCENTRATED FORMULA TARGETS 7 PRIMAL PHYSIOGENIC FACTORS*

NATURAL & ARTIFICIAL FLAVOR

DIETARY SUPPLEMENT NET WT 58.6 oz (3.66 lb) 1664 c

DIRECTIONS: As a dietary supplement, mix two scoops (104 g) with 16 ft oz of cold water, milk or your favorite beverage. On training days, consume one serving 30 minutes after your workout. On non-training days, consume one serving in the morning. For extreme results, take twice daily on training and non-training days.

*Indicates Branched Chain Amino Acids (BCAA) *Denotes naturally occurring and added free form amino acids.

Lutemax 2020" is a trademark of OmniActive Health Technologies. BioCore Edge" is a trademark of National Enzyme Company.

*Product was tested for over 145 banned substances on the 2014 World Anti-Doping Agency (WADA) Prohibited List via HFL skip let testing protocol HCP0307. See gnc.com for more information.

* An an 8-week study of healthy males performing resistance training sects taking this product's module of 20g whey protein and 6.2g ucine demonstrated an increased improvement in muscle strength d muscle size as compared to those performing the same training

> When stacked with a product containing whey protein isolate (WPI) randomized, double-blind, cross-over clinical trial that included 20 reationally trained, healthy male subjects, those taking 10 grams Pl and 10 grams leucine immediately post-workout showed nificant increases in plasms insulin concentration. Those taking the I and leucine blend showed 4 times more insulin 30 minutes st-workout compared to a placebo.

a randomized, double-blind, cross-over study of 16 healthy male unteers, subjects experienced significantly higher maximum ocentrations of Total Amino Acids, Branched Chain Amino Acids Leucine 1 hour post-ingestion of the protein bland in this product ative to amino acid concentrations measured post-ingestion of ney protein concentrate. Significant differences for the Rate of sange of BCAA and Leucine absorption were also observed relative the control group.

EEP OUT OF REACH OF CHILDREN. tore in a cool, dry place.
