

High Omega-3™ Fish Oil

Provides over 1000mg of Omega-3 fatty acids that are essential for good nutrition and overall wellness. Studies have shown that the health benefits of fish oil include its ability to support various heart conditions and support cholesterol management within a normal range. Fish oil also supports a positive mood, strengthens the immune system and supports healthy muscles and joints. It also supports healthy weight loss and overall skin care.

And with 750mg EPA and 250mg DHA per softgel, you'll be hard pressed to find a more effective Fish Oil product on the market today.

These statements have not been evaluated by the FDA This product is not intended to diagnose, treat, cure, or prevent any disease.
