

Bifidobacteria are the most prevalent good bacteria in a healthy large intestine. Lactobacilli are the most prevalent in a healthy small intestine. Factors such as age, antibiotic use and poor diet can reduce the number of these beneficial bacteria.

Ultimate Flora 50 Billion contains:†

- 30 billion Bifidobacteria per capsule
- 19 billion Lactobacilli per capsule
- 1 billion Lactococcus cultures per capsule
- 10 strains of microflora
- FOS - growth medium for probiotics

† At time of manufacture

Contains no yeast, wheat, corn, gluten, salt, binders, fillers or artificial ingredients

WARNING: Consult your physician before using this or any product if you are pregnant, nursing, trying to conceive, taking medication or have a medical condition.

Best if refrigerated.

KEEP OUT OF REACH OF CHILDREN.

Quality and Purity Guaranteed
