

CAPSULE SIZE

Made in the USA

CODE 3020 V8

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition (especially diabetes or hypoglycemia). Keep out of reach of children. Do Not Eat Freshness Packet. Keep in Bottle.

SUGGESTED USAGE: As a dietary supplement, take 3 capsules before any meal containing complex carbohydrates or starches, or as directed by a healthcare practitioner.

NOW® PHASE 2® helps you achieve dietary management objectives without the use of stimulants or laxatives. PHASE 2® is a natural white kidney bean extract that has been shown in non-clinical studies to help reduce the breakdown and absorption of complex carbohydrates, by limiting the action of alpha-amylase, a digestive enzyme. Alpha-amylase helps break down dietary starches into glucose so that they can be absorbed by the digestive tract. With less alpha-amylase activity, there may be less excess glucose available to convert into fat and store as adipose tissue.*
