

USAGE: Take 1 softgel 1 to 3 times per day with a meal or as directed by your qualified healthcare professional.

Ubiquinol is the reduced (active antioxidant) state of Co-Q10, the form produced by our cells and is significantly better absorbed as a supplement, particularly as we age.

Jarrow Formulas® QH-absorb® is a proprietary enhanced - stability formula, which has been clinically shown in humans to increase Co-Q10 levels up to 777% over baseline at 300 mg per day intake.

Keep out of the reach of children.

Particle formation inside softgel is normal and dissolves after ingestion.

Lot #. Best Used Before:

QH-absorb® 100 mg per day raised Co-Q10 by 215% and 300 mg per day raised Co-Q10 by 777% over baseline in humans.
