

Advanced Soy Pro™: Water-Washed Soy Isolates.

Whether you're a serious athlete or not, you've probably heard of the amazing benefits of using soy. Representing the next generation in high-yield water-washed isolates, Advanced Soy Pro™ provides you with the ultimate soy advantage. For the athlete, Advanced Soy Pro™ contains all the essential amino acids and the highest amounts of "critical cluster" aminos (BCAAs, glutamine & arginine) found anywhere - more than egg, milk and even whey protein! To maximize the overall health benefits derived from soy, our Advanced Soy Pro™ is strictly water-washed to ensure the highest levels of isoflavones - isoflavones are highly soluble in alcohol and are lost in conventional alcohol-washed processing. Advanced Soy Pro™ preserves the natural levels of isoflavones as found in the soybean itself. Each serving of Advanced Soy Pro™ provides up to 125mg of isoflavones.† Mounting evidence suggests that regular soy intake can help promote cardiovascular health, boost the immune system, lower cholesterol, prevent bone loss, and regulate hormones more effectively.*

†As the isoflavones are naturally occurring, actual amounts may vary.

100% GUARANTEE: If not completely satisfied, return remainder of product and receipt to place of purchase within 30 days for an immediate refund or exchange.

KEEP OUT OF THE REACH OF CHILDREN. STORE BOTTLE TIGHTLY CLOSED IN A COOL, DRY PLACE AWAY FROM DIRECT HEAT, MOISTURE AND SUNLIGHT.

Typical Amino Acid Profile

Grams of amino acids in 100g of pure protein.

Alanine	4.3 g
Arginine	7.6 g
Aspartic Acid	11.6 g
Cysteine	1.3 g
Glutamic Acid	19.1 g
Glycine	4.2 g
Histidine	2.6 g
Isoleucine	4.9 g
Leucine	8.2 g
Lysine	6.3 g
Methionine	1.3 g
Phenylalanine	5.2 g
Proline	5.1 g
Serine	5.2 g
Threonine	3.8 g
Tryptophan	1.3 g
Tyrosine	3.8 g
Valine	5.0 g

Note: The L-Tryptophan in this product is naturally occurring from the protein source. It is not added or manufactured.

Recommended Use: Mix 1 scoop with 12-16 ounces of your favorite beverage. For best results use at least twice daily, with one serving 45 minutes prior to your workout. You can also create many delicious low-fat, high protein dishes by using Advanced Soy Pro™ in your cooking.
