

DIRECTIONS: As a dietary supplement, start by orally ingesting 1 capsule once per day in the morning with 12-16 ounces of water on an empty stomach. If after 7 days the desired effect is not reached, you may increase dosage to 2 capsules once per day in the morning with 12-16 ounces of water on an empty stomach. Due to the exceptional potency of this product do not exceed 2 capsules per day under any circumstances. Do not use this product for more than 6 weeks continuously without a 4 week break in use.
