# BCAA STACK™

LEMON LIME

Branched Chain Amino Supplement

Net Wt 2.2 lb (1kg)

Premium Quality Anti-Catabolic Amino Complex | Maximum Nitrogen Retention Support | Recovery

12414-G-32537

**WHO WE ARE** Universal Nutrition has been providing cutting edge and staple nutritional supplements to bodybuilders and hard training athletes the world over since 1977. As time passes, certain ideals never go out of style. Honesty. Integrity. Respect. These are the values we uphold and are the bedrock upon which we built our business. **WHAT IT IS** BCAA Stack™ can actually help you increase strength, boost performance, stay energized during dieting, and increase lean mass gains and body fat loss. Studies have shown that the formula in BCAA Stack™ can increase nitrogen retention, which in turn helps your body accumulate lean mass. Furthermore, recent studies have shown that the BCAA/glutamine stack could increase strength and positively influence body composition. While taking this powerful stack in addition to a calorie-restricted diet, individuals gained lean mass while dramatically decreasing body fat. Whether you're dieting to make weight or are trying to maintain (or even increase) lean mass, studies prove that BCAA/glutamine stack is a potent amino acid combination.\* **HOW WE BACK IT UP** What is on the label is in the bottle and what is in the bottle will help you reach your goals. We believe it and proudly stand behind every product we manufacture. Our word is our bond.
