

USAGE: Take 3 tablets per day or as directed by your qualified healthcare professional.

NOTE: DO NOT use if allergic to shellfish. If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your healthcare professional before using this product.

Jarrow Formulas® Ultra Joint Builder® addresses total joint health by providing nutrients to support proper cartilage formation, proper joint lubrication and a healthy inflammatory response within the joint.*

Hyaluronic Acid provides the matrix for joint lubrication (synovial fluid), skin hydration and skin repair.* Hyal-Joint® hyaluronic acid has clinically documented bioavailability, having been shown to increase synovial fluid and improve joint mobility.*

Glucosamine Sulfate is a stable form of glucosamine, which supports the proper formation of tendons, ligaments, synovial fluid, bones, skin, nails and blood vessels.*

Methylsulfonylmethane (MSM) is a sulfur donor; sulfur is essential for the formation of chondroitin sulfates.*

Yucca Extract contains the dried, pure juice of the yucca plant, which contains more naturally occurring saponins than the dried stalk. Yucca also contains polyphenols. Traditionally, Native Americans used the juice of the yucca plant to improve joint health.*

AprèsFLEX® (*Boswellia serrata* extract, which includes a proprietary boswellia oleoresin component) is clinically documented to support joint health and function and protects against collagen degradation.*

Boron is essential for healthy bone and joint function.*

For best results, use with Jarrow Formulas® JarroSil®, the biologically Activated Silicon®.

Keep out of the reach of children.
