UNIVERSAL®

CARBO PLUS™

NATURAL FLAVOR | High Performance Carbohydrate Supplement | Net Wt 13 lb (5.9kg) | High-Energy Complex Carbohydrate Drink Mix | Scientifically-Balanced 100% Pure Complex Carbohydrates

WHO WE ARE Universal Nutrition has been providing cutting edge and staple nutritional supplements to bodybuilders and hard training athletes the world over since 1977. As time passes, certain ideals never go out of style. Honesty. Integrity. Respect. These are the values we uphold and are the bedrock upon which we built our business. **WHAT IT IS** Designed for serious athletes Universal's Carbo Plus™ fuels your body with the purest premium complex carbohydrates available (consisting of granulated medium length complex carbohydrates (glucose polymers) extracted from selected grain sources and maltodextrin) without any added sweeteners, preservatives, simple sugars or artificial flavors. Carbo Plus™ fuels your body with glucose polymers, a direct precursor for glycogen synthesis in muscles. This is the most important source of energy to your muscles during strenuous exercise. By training with Carbo Plus™ you are allowing maximum replenishment of glycogen in your muscle and liver - leading to enhanced performance, faster muscle recovery and higher endurance levels. Carbo Plus™ is the ultimate carbohydrate source.* **HOW WE BACK IT UP** What is on the label is in the bottle and what is in the bottle will help you reach your goals. We believe it and proudly stand behind every product we manufacture. Our word is our bond.
