Proprietary Blend 760 mg **

Cranberry Juice Concentrate, Coral Calcium, Pau D'Arco Extract (Bark), Sea Vegetable Extract Blend (Alaria esculenta, Costaria costata, Enteromorpha linza, Fucus gardneri, Fucus vesiculosus, Gigartina alveata, Laminaria digitata, Nereocytis luetkeana, Rhodymenia pertusa, Ulva lactuca), Aloe Vera Extract (Leaf), Organic Silver (50 ppm Silver)

*Percent Daily Values are based on a 2,000 calorie diet
**Daily Value not established.

Other Ingredients: Filtered Water, Fructose, Citric Acid, Natural Flavors, Sodium Benzoate and Potassium Sorbate (to protect freshness).

Because of variations in individual plants, the exact amount of each mineral and nutrient cannot be listed.

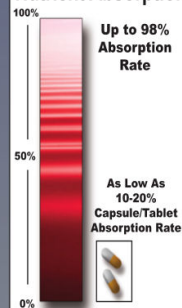

What is SEA Essentials™?

Sea vegetation is harvested from ripe, lush sea vegetables from the purest seawater. Sea vegetation includes a broad spectrum of Vitamins, Minerals, Amino Acids, Trace Minerals and Macro Minerals.

To Maximize the nutrient list we combined ten types of sea vegetation including Alaria Esculenta, Costaria Costata, Enteromorpha Linza, Fucus Gardneri, Fucus Vesiculosus, Gigartina Alveata, Laminaria Digitata, Nereocytis Luetkeana, Rhodymenia Pertusa, Ulva Lactuca in addition to Aloe Vera Concentrate (Aloe Barbadensis Miller 200:1 Concentrate), Coral Calcium and Organic Silver (50ppm).

Nutrient Absorption

Capsule and tablet nutrients are packed with inert filler material called "excipients." These excipients don't do anything except get in the way of your body's absorption of the vitamins. Worse yet, pill makers may not disclose which excipients they are using. This can be very dangerous for people with allergies.

Our Sea Essentials offer the highest absorption rates with the fewest inactive ingredients.†
