Formulated to quickly remove
unwanted pollutants from your system.

The unique Esselens™ blend formulated in
this product is an exclusive proprietary
formula of herbs which enables the body to
expel pollutants at an extremely high rate.

Pollutants

Unfortunately, we live in a fairly toxic world and even those of us who are
committed to living clean and eating healthy are likely to ingest, inhale,
absorb, or produce our own fair share of disruptive substances, substances
that our body would be better off without and may need help unloading.
Pollutants in the air, food and water we ingest can cause damage to our
organs and tissues. It is important that we cleanse these poisonous toxins
from our bodies regularly. STRIP™NC 7 Day Cleansing Capsules provides a
safe effective way to help cleanse the body of unwanted toxins that build
up in your body on a daily basis."
