OUR ECO COMMITMENTS

Long before we started ECOTEAS, we were organic gardeners. For us, organic comes first.

As third-hand farmers working in partnership with small farmers around the world, Fair Trade is just part of who we are.

Nature knows best. We can grow plenty of food without upsetting the balance.

Our love of nature runs deep. Planting native trees is a small gift back to the world.

This bag is made from 100% post-consumer recycled paperboard. The tea bags that seal each bagless teabag are made from renewable non-GMO wood pulp.

We offset our office electricity usage with green energy from the Burienville Environmental Foundation (BEF).

For every eight ounces of water used to brew our tea, we work with BEF to plant one native tree in the Willamette River Watershed in southern Oregon.

ZERO WASTE PACKAGING

This carton is made from 100% post-consumer recycled paperboard. Please recycle it again.

The "tea-wrappers" that seal each bagless teabag are made from renewable non-GMO wood pulp.

Naturally Caffeinated Herbal Supplement

When brewed as directed, this tea provides a caffeine boost which is 1.5 times stronger than a typical cup of green tea.

ANTIOXIDANT POWER

• Aids elimination*

• Elevates mood*

• Supports weight loss regimens that include a balanced diet and exercise*

• Enhances physical energy*

• Stimulates mental clarity*

• Clean, smooth taste.

Yerba mate tea is brewed from the leaves of a holly tree native to the rainforests of South America. ECOTEAS yerba mate is dried with warm air instead of smoke for a clean, smooth taste.

A SUSTAINED ENERGY TEA SUPPLEMENT*
