

Our Eco Commitments

Long before we started EcoTeas, we were organic gardeners. For us, organic comes first.

As three best friends working in partnership with small farmers around the world, Fair Trade is just part of who we are.

Nature knows best. We can grow plenty of food without upsetting the balance.

Our love of nature runs deep. Planting native trees in South America is a small gift back to the world.

We want to leave a better world for our kids. Let's cut down fewer trees. And no more plastic in the oceans, please!

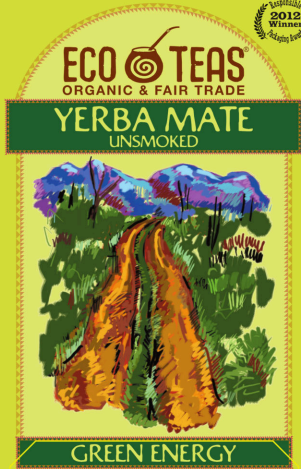

We offset our office electricity usage with green tags from the Bonneville Environmental Foundation (BEF).

For every eight ounces of water used to brew our tea, we work with BEF to restore eight ounces of water to the Rogue River Watershed in southern Oregon.

GLUTEN FREE

Yerba Mate Preparation

Hot: To release the full flavor and benefits of yerba mate, steep one tea bag in 8 oz of 170°F water for 5 minutes.
Iced: Steep directly in cold water - no heat required. Stir and strain after 10+ minutes. Add ice, sweetener and citrus to taste.

Special Instructions: Moisten herb with cool water before brewing. Don't use boiling water. Add another tea bag with each re-pour.

ZERO WASTE PACKAGING

This carton is made from 100% post-consumer, recycled paperboard. Please recycle it again.
The wrappers that seal each tea bag are made from a compostable "biofilm." Please compost along with the tea bag.

Naturally Caffeinated Herbal Supplement

When brewed as directed, this tea provides an ORAC value of 3,300 µmole/240mL, which is 1.5 times stronger than a typical cup of green tea.

Antioxidant Power

- Enhances physical energy*
- Stimulates mental clarity*
- Supports weight loss regimens that include a balanced diet and exercise*
- Elevates mood*
- Aids elimination*

A Sustained Energy Tea Supplement*

Yerba mate is a holly tree native to the rainforests of South America. Our yerba mate is dried with warm air instead of smoke for a smooth, clean taste.
