CARNITECH[™]

CITRUS COCKTAIL

Energy Supplement 16 fl oz (473 ml) Super Fast-Acting Liquid Carnitine Complex | 1300mg Carnitine per Serving

D2014-G-32384

WHO WE ARE Universal Nutrition has been providing cutting edge and staple nutritional supplements to bodybuilders and hard training athletes the world over since 1977. As time passes, certain ideals never go out of style. Honesty. Integrity. Respect. These are the values we uphold and are the bedrock upon which we built our business. **WHAT IT IS** As an athlete, you know performance centers on your body's ability to produce energy. And since fat provides the main energy fuel for muscles, tapping into your body's fat stores is critical. That's where carnitine comes in. Carnitine "transports" long-chain fatty acids (the highest energy food fuels) across the mitochondrial membrane (the power plant of the cell) for enhanced energy production. Without it, fats cannot be burned for energy. At Universal, we've harnessed the power of carnitine by combining pure U.S.P. Grade carnitine with four carnitine enhancers. We're proud to present Carni-Tech[™] in liquid form for fast-acting, maximum absorption.* **HOW WE BACK IT UP** What is on the label is in the bottle and what is in the bottle will help you reach your goals. We believe it and proudly stand behind every product we manufacture. Our word is our bond.

Supplement Facts

Serving Size 2 Tablespoons
Servings Per Container ~16

Amount Per Serving		%DV
