WHO WE ARE Universal Nutrition has been providing cutting edge and staple nutritional supplements to bodybuilders and hard training athletes the world over since 1977. As time passes, certain ideals never go out of style. Honesty. Integrity. Respect. These are the values we uphold and are the bedrock upon which we built our business. **WHAT IT IS** Carnitine plays a key role in fat oxidation. Carnitine "transports" long chain fatty acids (the highest energy food fuels) across the cell membrane and into mitochondria for enhanced energy production. Without Carnitine, these fats cannot be burned for energy. Universal's Carnitine Capsules™ is a pure fumarate form for fast-acting, maximum absorption. **HOW WE BACK IT UP** What is on the label is in the bottle and what is in the bottle will help you reach your goals. We believe it and proudly stand behind every product we manufacture. Our word is our bond.
