

Digestive Support*

Digestion *Take Care* delivers whole-food live probiotics and prebiotic fiber to help promote digestive system wellness.* The live probiotics in Digestion *Take Care*, including revered strain *Lactobacillus acidophilus*, help broadly support the body's internal microbial balance for digestive tract health.* Digestion *Take Care*'s microorganisms are cultured in a non-dairy, organic Soy medium, making this an excellent probiotic choice for people looking for a non-dairy option. Whole-food organic Apples and organic Jerusalem Artichoke Inulin provide prebiotic nourishment to stimulate the growth of live probiotics and enhance their effects. When culturing is complete, the live probiotics and rich whole-food growth medium are freeze-dried to help preserve their potency until consumed.
