

Taste the Difference, Feel the Difference!

20x More Concentrated Than Grass

It takes 20 ounces of Green Barley Grass to make one ounce of Barley Greens Juice Powder. The juice is 20 times more concentrated than grass, that is why we use the juice and leave the grass for the cows.

Rip, Pour, and Go!

When you don't have time to shop, pick, wash, store, chop, cook and eat. Just tear open, pour into your water, shake and go!

Make it your own by adding ice cubes or blend it in with your favorite smoothie and enjoy the nutrients your body craves.

Go Greens® is free from GMOs, dairy, MSG and contains no artificial flavors, colors or sweeteners.
