Dymatize Elite Mass is the ultimate gainer formula designed to help you pack on maximum lean mass and recover from your intense workouts.* This cutting edge formula delivers 600 calories, complete with 54 grams of premium quality protein, lean lipids, complex carbohydrates, creatine monohydrate, BCAAs (branched chain amino acids), digestive enzymes, and a comprehensive vitamin and mineral blend! Everything you need to gain muscle and body size and to support a faster recovery from strenuous workouts.*

PREMIUM SUSTAINED-DELIVERY PROTEIN MATRIX: Elite Mass contains a special premium protein blend of cross-flow, microfiltered, cold-processed, whey protein isolate and concentrate, micellar casein (no inferior caseinates) and egg white protein. This protein blend has a superior amino acid profile and has been instantized for easy mixing without a blender yielding unbeatable bioavailability and digestibility.*

ADVANCED LIPID COMPLEX: Lipids are a highly concentrated energy source - more than double that of protein or carbohydrates and are a necessary component in muscle growth.* This scientific lipid blend, including medium chain triglycerides (MCTs), CLA, and Sunflower Oil is readily available muscle fuel only seen in Elite Mass.*

STRENGTH AND RECOVERY: To round out this high performance gainer we add creatine monohydrate. Creatine is one of the most studied and highly regarded nutrients to increase lean body mass and strength.* Elite Mass packs in 25 grams of Essential Amino Acids, 11.5 grams of the critical BCAAs (L-Leucine, L-Isoleucine and L-Valine), and 10 grams of Glutamine, all adding up to support real gains in strength and faster recovery.* Elite Mass will optimize the results of each strength-training workout while a complete vitamin and mineral profile helps to ensure your body gets the balanced nutrition it needs.*

Elite Mass will help you pack on the lean mass and develop the physique you've always wanted.* For optimal results, combine with a sensible diet and an intense training program.*
