

DESCRIPTION:

COLOSTRUM is nature's way of increasing intestinal performance. This nutrient-rich, complex mixture of growth factors, immunoglobulins, glycoconjugates and other important compounds is found in only one place on Earth—in the pre-milk fluid that is secreted in the first few milkings after giving birth. Research has shown that dried COLOSTRUM aids nutrient uptake from the intestines by interfering with the biology of some gut pathogens.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Tamper evident - Do not use if outer seal is broken or missing.
