

SUGGESTED USE: As a dietary supplement only. 1-2 tablespoons with morning and evening meals as appropriate, and before high-intensity workouts. Shake well before use and refrigerate after opening for best flavor.

L-CARNITINE is known to act by assisting cellular machinery with the transport of FAT (fatty acid) into the mitochondria, where it is converted for energy.* SCIENTIFIC RESEARCH has shown that this SAFE and EFFECTIVE water-soluble nutrient is integral to the process of proper FAT metabolism.* The **BRICKER LABS BIG-C™** Liquid Carnitine formulas are made with pure "Free Base, U.S.P. Grade" Carnitine, without any hidden salt weight.
