PATENTED
AvéULTRA®
Enhanced Concentrate

Studies show that Avemar®, found in AvéULTRA, provides valuable health benefits, supporting mechanisms of regulation associated with cell metabolism and immune function.*

AvéULTRA® is made under the supervision of the original inventor of Avemar, Máté Hidvegi, Ph.D. Improving on his original patented, fermented wheat germ

More Concentrated, Easier Mixing, Better Tasting!

The development of Avemar fermented wheat germ extract has become the life's work of Dr. Hidvegi. He was inspired to build upon the theories and experiments of Hungarian Nobel Prize Laureate, Dr. Albert Szent-Gyorgyi. Dr. Hidvegi's patented processes yield a consistently effective, standardized extract that has been extensively researched. Avemar has been the subject of over 100 studies in cell lines, with animals and clinical trials, reported in more than two dozen articles in medical peer-reviewed journals.

*Subjects in clinical trials consumed 8.5 g per day of Avemar pulvis, consisting of 5.5 g Avemar fermented wheat germ actives with 3 g maltodextrin, a non-active stabilizer. Each packet of AvéULTRA contains 5.5 g Avemar fermented wheat germ actives, without maltodextrin.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

NEW
AvéULTRA®
Enhanced Concentrate

Suggested Use: As a dietary supplement for adults, use 1 AvéULTRA® packet (5.53 g, providing 5.5 g Avemar fermented wheat germ actives) per day. Add contents of AvéULTRA packet to 4 oz (120 mL) of cold water or juice, mix well and drink within 30 minutes (mix by shaking with ice for best results). To maximize absorption consume AvéULTRA approximately 1 hour before or after food, and 2 hours before or after taking any drugs or other dietary supplements. This product contains live enzymes.

Warnings: Keep out of reach of children. Should not be taken during pregnancy or while nursing. Consult with a healthcare professional for recommended usage levels for children, and for guidance on using more than 1 AvéULTRA packet per day. Do not consume AvéULTRA if you have had an organ or tissue transplant, or if you are hypersensitive to stevia, natural orange flavoring, wheat or yeast. This product is not intended to be the sole source of nutrients in the diet. Storage: Store in a cool dry place, with a temperature of less than 80°F (26°C).
