

HP8 is a breakthrough proprietary formulation offering a natural and effective way to maximize healthy prostate function.*

HP8 is manufactured to stringent industry standards where each ingredient is carefully selected and tested to ensure batch-to-batch consistency and effectiveness.*

HP8 contains free fatty acids from saw palmetto and provides a daily dose of 200mcg of selenium, essential for the maintenance of healthy prostate function.*

Directions for use: As a dietary supplement, take 2 capsules per day. For maximum benefit, take 4 capsules per day. Take at least one hour away from prescription medications or other dietary supplements.

Caution: Keep out of reach of children. Not intended for women or children. If you are taking an anticoagulant or blood pressure medication, or are being treated for liver, heart or kidney disorders, consult with a health care professional before use. This product contains licorice root, which in some people may cause change in blood pressure. If you experience changes in blood pressure while taking this product, discontinue use and consult your health care provider.
