

Targeted GI Tract Support*

Probiotic GI Tract delivers whole-food live probiotics (good bacteria) plus select fruits and vegetables to support healthy gastrointestinal function.* Multiple probiotic strains, including revered *Lactobacillus acidophilus*, help broadly support the body's internal microbial balance for digestive tract health.* Nutritious *Chlorella regularis* provides purifying green chlorophyll and other rich nutrients to support the body's normal detoxification functions.* Full-spectrum phytonutrients from whole foods, including Spinach and Ginger, support digestive system vitality.* When culturing is complete, the live probiotics and rich whole-food growth medium are freeze-dried to help preserve their potency until consumed.
