MEN, LET'S BE MEN AGAIN

Clinically Proven Formula*

In an 8-week, double-blind, placebo-controlled clinical study, the results showed significant improvement in sex drive in the active group taking Mdrive.

Powered by Cordydrive™

When taken daily, ingredients in Mdrive have been shown to increase free testosterone levels** and energy at the cellular level.*

Mdrive is a custom compounded formula for men who want to perform at their highest level.*

Developed with intensive research, Mdrive's proprietary blend contains 17 very specific "bio-actives" extracted from 6 plant and mushroom sources. Trust us when we say, not all plant extracts are created equal. Mdrive's extremely synergistic blend is very unique and highly effective.*

Mdrive's Cordydrive also features:

Mushake Extract, Moca Extract, American Ginseng Extract, Damiana Extract

Increase Free Testosterone*

Mdrive contains a Fenugreek Seed Extract which helps increase healthy free testosterone levels** by potentially allowing men to naturally regain what they've been losing.* The only side effect - an increase in sexual desire** could be worse.

Energy* - Cordyeps

For over 2000 years, Cordyeps has been used as a tonic to increase health and vitality. Today, a modern version of an ancient Chinese secret is gaining worldwide fame and recognition as an energy-enhancing, health-promoting tonic.*

Mdrive, refine your prime.

- Herbal Extracts • Drug Free
- No Hormones • No Steroids

*Based on a 6-week, double-blind, placebo-controlled clinical study, the results of a randomized 800 participants showed significant improvement in sex drive in the active group taking Mdrive.
*A clinical study of "bio-actives" revealed that it contained healthy ingredients with potent resistance building. "Testosterone" is a trademark of Sanofi-Schering, Inc.

From the Inventor

Why Mdrive?

Because surviving today takes tremendous toughness and drive.

Mdrive was formulated to increase strength, stamina, sex drive and mental energy, while reducing the feeling of fatigue in men.*

After 35 years of formulating for others (some Fortune 500 companies), it was time to do something for myself. That's right, Mdrive started out as my own personal R&D project.

Now that Mdrive is a top seller, I'd like to say thanks to the guys that trusted in us and have benefited from our formula.

Refined your prime with Mdrive.

Sincerely,

 Gary Kholoe
 Mdrive Inventor
