ULTRA ISO WHEY™

WHO WE ARE Universal Nutrition has been providing cutting edge and staple nutritional supplements to bodybuilders and hard training athletes the world over since 1977. As time passes, certain ideals never go out of style. Honesty. Integrity. Respect. These are the values we uphold and are the bedrock upon which we built our business. **WHAT IT IS** With Ultra Iso Whey™, you get a full spectrum whey isolate protein shake that mixes easily with a spoon and goes down easy. We don't add any fillers or thickeners to weigh the shake down or interfere with the absorption of the protein. And because we use only ultrafiltrated whey isolates, Ultra Iso Whey™ preserves many of the important biological fractions found in whey including immunoglobulins, lactoferrin, GMP and BSA. Ultra Iso Whey™ is so clean, you can actually taste the difference. * **HOW WE BACK IT UP** What is on the label is in the bottle and what is in the bottle will help you reach your goals. We believe it and proudly stand behind every product we manufacture. Our word is our bond.
