

Discover the *force* of the Whole

Lemon Balm *Force* supports a healthy mood, calm and well-being by supporting alertness and focus.* The full spectrum of beneficial compounds found in Lemon Balm *Force* is delivered using a supercritical extraction, whole-food approach to herbal supplementation. Lemon Balm acts as an antioxidant, **helping to protect against oxidative stress** and support the immune system.* Our full-spectrum process extracts precious plant compounds to preserve Nature's full complexity, delivering super-pure, super-potent herbal extracts.

Full-Spectrum Extraction: Our Difference

Many companies isolate elements from an herb, concentrate them, and label it "whole herb." New Chapter delivers the wisdom of **whole food**. Using only natural supercritical CO₂ or traditional techniques of extraction, our *Force* extracts guarantee the fullest spectrum of beneficial phytonutrients in their natural profile.
