

Discover the *force* of the Whole

Garlic *Force*® provides protection against free-radical damage and supports cardiovascular health.* The full spectrum of beneficial compounds found in Garlic *Force* is delivered using a supercritical extraction, whole-food approach to herbal supplementation. The Garlic *Force* formula includes **Supercritical Ginger**, added to maximize its free-radical scavenging and cardiovascular benefits.* Our full-spectrum process extracts precious plant compounds to preserve Nature's full complexity, delivering super-pure, super-potent herbal extracts.

Full-Spectrum Extraction: Our Difference

Many companies isolate elements from an herb, concentrate them, and label it "whole herb." New Chapter® delivers the wisdom of whole food. Using only natural supercritical CO₂ or traditional techniques of extraction, our *Force* extracts guarantee the fullest spectrum of beneficial phytonutrients in their natural profile.
