Supplement Facts

Developed by award-winning microbiologist Ichihiro Ohhira, Ph.D. and distinguished research scientists from Okayama University, Dr. Ohhira's Probiotics® combines ancient Japanese fermentation artistry with modern technology. The Original Formula is fermented for three years using 12 strains of lactic acid bacteria (LAB) including TH10, Dr. Ohhira's proprietary LAB strain. The probiotics are encapsulated with their culture medium of nutritious fermented vegetables, fruits, mushrooms, and seaweed. This biogenic blend supplies a complete probiotic system including prebiotics, enzymes, micro-nutrients, and organic acids for a healthy digestive pH. Dr. Ohhira's Probiotics® supports the individual's own unique flora, and promotes healthy nutrient absorption, metabolism, and immune response.*

Dr. Ohhira's
Probiotics®
ORIGINAL FORMULA

NATURE'S WHOLE FOOD SUPPLEMENT

Suggested Use: For best results take one (1) capsule twice a day on an empty stomach (1 hour before or 1 1/2 hours after meal) or as directed by your primary health care provider.

Temporary reactions such as minor bloating or a mild laxative or constipating effect are signs the beneficial bacteria are remodeling, detoxifying, and improving the gut environment. If such transition effects last more than 10 days, consult your health care provider.

Warning: Keep out of reach of children. If pregnant or nursing, ask a health professional before use.

Tamper evident: Do not use if foil blister pack is broken.

Dr. Ohhira's Probiotics® is a registered trademark of Essential Formulas®.

100% vegetarian.
Contains no dairy or gluten.
Non-GMO, Chemical-free.
Blister-packed to ensure product integrity.
