

SOFTGEL
SIZE

CODE 0839 V3

Some scientific evidence suggests that consumption of antioxidant vitamins may reduce the risk of certain forms of cancer. However, the FDA has determined that this evidence is limited and not conclusive.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children. Natural color variations may occur in this product.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Vitamin E is a major antioxidant and the body's primary defense against lipid peroxidation. It is particularly important for the protection against cellular free radical/oxidative damage. These protective benefits are achievable with supplemental intakes higher than what is normally consumed in the average diet.*

SUGGESTED USAGE: As a dietary supplement, take 1 softgel daily, preferably with a meal.
