

Suggested Use: As a dietary supplement, take one (1) capsule one to three times per day, or as directed by a healthcare professional.

Caution: If you are pregnant, nursing, have a medical condition, or are taking medication, consult your healthcare professional before using this or any other nutritional supplement. Discontinue use if allergic reaction occurs.

Vanadyl Sulfate (20mg) mimics insulin action to improve glucose tolerance and increases the amount of glucose and amino acids driven into the muscles.

When insulin levels rise as they do after exercise, carbohydrate metabolism is increased leading to greater glycogen storage. When more glycogen is stockpiled into muscles greater intensity and endurance is achieved.*

Olympian Labs, Inc. products are made with the highest quality ingredients and manufactured according to current Good Manufacturing Practices (cGMP).

KEEP OUT OF REACH OF CHILDREN. STORE IN A COOL, DRY PLACE.
