

Suggested Use: As a dietary supplement, take five (5) capsules on an empty stomach, one hour before bedtime, with a full glass of water or as directed by a healthcare professional. Take for five days, then skip for two days. For optimal results, use for three months, then discontinue use for two months and repeat cycle.

Caution: Do not use if you are taking Monoamine Oxidase (MAO) Inhibitors. Not recommended for pregnant or lactating women. Do not use if you have breast, uterine, ovarian and/or prostate problems, autoimmune conditions or depressive disorders. Do not use in conjunction with alcoholic beverages, when driving a vehicle, or while operating machinery. Discontinue use if allergic reaction occurs.

Dynamic HGH contains an effective blend of natural compounds to support human growth hormone (HGH) as well as testosterone production. Supports accelerated fat loss, increased lean muscle mass and energy levels. Higher HGH levels have been associated with slowing the aging process while increasing growth, cell reproduction and regeneration.*
